Project Name: Online Complaint Registration System

Empathy Map Canvas

User Persona

User seeking to register and track complaints through an online platform

THINKS

- Has my complaint been received?
 - How can I track my complaint status?
 - Will my complaint be resolved quickly?
 - Is my personal information secure?
 - Will I receive updates regarding my complaint?
 - Can I submit complaints without visiting the office?
-

FEELS

- Frustrated when complaints are ignored.
 - Dissatisfied with delayed responses.
 - Anxious about complaint resolution.
 - Confused about whom to contact.
 - Relieved when receiving timely updates.
 - Satisfied when complaints are resolved efficiently.
-

SEES

- Manual complaint handling processes.
- Long waiting times for complaint resolution.

- Lack of transparency in complaint management.
 - Increasing use of digital services.
 - Organizations adopting online platforms.
 - Users demanding faster grievance redressal systems.
-

SAYS

- I want to register my complaint online.
 - I need updates about my complaint status.
 - I want my issue resolved quickly.
 - I don't want to visit offices repeatedly.
 - I need a transparent complaint tracking process.
-

DOES

- Submits complaints through available channels.
 - Checks complaint status regularly.
 - Contacts support teams for updates.
 - Uses mobile and web applications.
 - Maintains records of submitted complaints.
 - Provides feedback after resolution.
-

PAINS

- Delayed complaint resolution.
 - Lack of complaint tracking.
 - Poor communication from authorities.
 - Manual paperwork and follow-ups.
 - Difficulty accessing complaint information.
 - Lack of transparency in complaint handling.
-

GAINS

- Easy online complaint registration.
- Real-time complaint tracking.
- Faster complaint resolution.
- Improved communication and notifications.
- Better transparency and accountability.

- Enhanced user satisfaction.
-

Summary

The empathy analysis shows that users require a simple, secure, and transparent platform for registering and tracking complaints. The Online Complaint Registration System addresses these needs by providing complaint registration, complaint status tracking, real-time notifications, secure authentication, and efficient complaint management.

The system improves communication between users and administrators while reducing manual effort and increasing transparency throughout the complaint resolution process.
